# Professional Partnerships for Healthcare Science:

## Industry Certification Agency

HomeTown Health University [HTH/HTHU]

~ <https://hthu.net>

- ☐ This institute provides various live and virtual training modules and support above and beyond the normal classroom setting that allow teachers and students opportunities to enhance their instruction and industry connections.
- ☐ HTH/HTHU will work closely with teachers and students that are going through the **Industry Certification** process. [Georgia Healthcare Science Industry Certification Teacher Resources 2021-2022 | Hometown Health University \(hthu.net\)](#)
- ☐ Teachers may find CE opportunities through this institute depending on needs and requirements for state healthcare licensure renewals.
- ☐ Check with a representative for more information.

# Georgia Health Science Educator Workshop & Toolkit

## Instructions for Accessing Training and the Toolkit

### CE opportunities:

<https://hthu.net/wp-content/uploads/2021/06/HTH-Virtual-Workshop-and-Toolkit-Instructions-HSEIC.pdf>

<b>Partnering for the Future of Healthcare: 2021 and Beyond</b>	<b>A three-hour online workshop and professional development session for healthcare science teachers on building a relationship with their local hospital and other healthcare providers.</b>
<b>Local Partnership Meeting: Moderator Toolkit &amp; Resources</b>	<b>This toolkit is intended to walk local educators through the process of preparing for, hosting and facilitating a local partnership planning meeting. It can be used to initiate workgroups or partnerships, as well as a format to “check-in” with pre-established groups on an annual basis. The editable toolkit is meant to facilitate participation and input from all parties involved and leave the group with clear action items that meet the needs of your program.</b>

- <http://mcnellybethanib.wixsite.com/northsidehcs>

# Roadmap to HSE IC Success...

1. Go to <https://hthu.net/gateacher21>
2. Review Program Operational Standards (POS) I-VI
3. Review Course Standards that you teach; select 3 standards per course you teach to showcase.
4. Begin setting up your website.
  - Create buttons for pages to house each component of HSE IC.
5. Create a digital folder (Google, Microsoft, etc.) to set up for filing your HSE IC documents and label it HSE IC.
  - Create sub folders for the following:
    - Program of Operational Standards
    - A separate folder for each course taught with chosen standards (lesson plans, completed student activities, completed student assessments/evaluations per each element)
    - Follow the organizational order of each component found on evaluation rubrics.

# Professional Partnerships for Healthcare Science:

Executive Director:  
Carole Ray

- Supports the high standards of education and training in Georgia's high school and middle school Healthcare Science programs by providing resources, opportunities, and support to students and teachers.
- Partners with the Georgia Department of Education and other organizations and healthcare related business and industry to help meet this objective.

## Examples of support:

- Raise \$\$ to help support HOSA students at the International Leadership Conference
- Raise \$\$ to help support Healthcare teachers at the annual NCHSE Conference.
- Created our new Healthcare Magazine- "Health Science : The Heartbeat of Education"
- Assists New Teachers with helpful teaching resources
- Judges and assists with HOSA and HSTEA Conferences

# Instructional Resources for Healthcare Science Teachers:

## National Consortium for Health Science Educators

[NCHSE] - [www.healthscienceconsortium.org](http://www.healthscienceconsortium.org)

- ❖ We have a state membership that allows access to webinars, newsletters, national healthcare science standards, updates, annual National Health Science Conference, professional development, social media collaboration, etc.
- ❖ Additional resources to purchase:
  - ❖ **Curriculum Enhancements** with classroom teaching tools and strategies for improved student academic achievement, plus WBL resources that will support the exploration of career options– (\$350 – contact [Nancy@healthscienceconsortium.org](mailto:Nancy@healthscienceconsortium.org) for purchase orders or bulk pricing options)
  - ❖ **Health Science Educators Association [HSEA]** – best practices, integrated activities, NCHSE online store resource discounts, etc.  
<https://www.healthscienceconsortium.org/educators/>
  - ❖ **NCHSE EOPA resources**

# Instructional Resources for Healthcare Science Teachers:

**National Consortium for Health Science Educators [NCHSE] -**  
[www.healthscienceconsortium.org](http://www.healthscienceconsortium.org)

❖ **Wonderful news!!!!**

- ❖ Our Georgia Healthcare Science Technology Educators' Association will be providing a free 1-year subscription to the Health Science Educators Association [HSEA] to **ALL healthcare teachers** in Georgia for the 2021-2022 school year.
- ❖ This will provide best practices, integrated activities, NCHSE online store resource discounts, etc. <https://www.healthscienceconsortium.org/educators/>

More information will come soon about how you will have access to this amazing resource!!!
